

Digital Desk.

Real people. Real-time support.

What is it?

Manulife's Insurance Digital Desk is a world-class support desk where you can talk with real people in real-time.

What does it do?

It streamlines Manulife's Insurance E-Business Solutions by focusing on the "how" to use our digital tools so you can concentrate on meeting clients' needs and growing your business, without hassle.

Who is it for?

Advisors, Distributors, and Marketing Assistants interested in saving time, going digital, improving organizational efficiencies and achieving cost targets.

1. Save time

The Digital Desk will help you become more comfortable using our Insurance E-Business Solutions for your business, which means you'll have more time to focus on your clients, grow your business, achieve your targets, and spend less time performing administrative tasks.

2. Enjoy real-time support

Say goodbye to not knowing where to go or who to ask for help about our Insurance digital tools. Any E-Business-related problems you have can be resolved faster by our experienced team in real-time over the phone, in an email, or through live virtual chat.

3. Improve your know-how

Learning a new process or how a tool functions may seem challenging, but the Digital Desk will help you embrace new digital technologies and become better at resolving future problems, too.
