

October 11, 2020

Dear Sisters and Brothers,

I, Rosario Viray, am honored and it is a privilege to be nominated in joining this round of Bargaining Committee. I have been a shop steward since 2010 and have taken Enhanced Steward Training. I was a co-chair for the BC Employee Council (union & non-union combined). I was the co-chair for JHSC (Joint Health & Safety Committee) in BRL and currently in CCB. I have taken multiple courses with BCGEU and have been involved with different functions and activities (to name a few):

- 2013 – was a member of the Local Executive Committee
- 2014 - one of the delegates to attend the 49<sup>th</sup> Constitutional Convention
- 2017 – trained as an Organizer and helped out in Organizing Elim Village – Retirement & Assisted Living Facility (Surrey)
- 2018 – member of Joint Labour Management Committee/OHS representative
- 2018 – chosen as one of the delegates in attending CLC (Canadian Labour Congress) Winter School and have trained in Collective Bargaining Level 1
- 2019 – Facilitator for Steward Fundamentals Training
- 2019 – Facilitator for Annual EHS/OHS training

Over these years as a shop steward – I am representing and supporting members from different sections across the organization and providing clarification to have a better understanding in the language of the Collective agreement. As we all know we are facing economic challenges, however, I have gained collective knowledge on how to improve the language and better represent fellow members to achieve great results this round of negotiations.

I am looking forward for your vote and have this opportunity to represent fellow members to a greater success.

In Solidarity,

Rosario Viray
