

Kevin Ball

I have been a member of the BCGEU since 2002 as an employee of ISM Canada. Since then I have filled multiple roles across the IMAC and Service Desk departments with my most recent role being as a Service Delivery Specialist with the lower mainland Service Desk. I was elected as a Shop Steward for local 603 in October of 2019 and was elected to the local 603 executive, where I am currently serving as the Recording Secretary, in July of 2020.

It is my belief that this years bargaining will be the most important session for a long time to come. If selected I believe that my experience as a Shop Steward has given me considerable insight into what is important to our membership and I hope you'll provide me with the opportunity to fight for those rights on behalf of us all.

In my spare time I enjoy running, flying my drone and riding my horse, Duke. For the past 2 years I have had the pleasure of serving as the Secretary and Data Coordinator for the Surrey Guildford riding executive of the BC NDP. During the recent election I took a leave of absence from NTT to work as staff running the campaign here in Surrey-Guildford.

If anyone has any questions at all please do not hesitate to reach out to me via phone at 604-723-0000 or by email at k.ball@me.com.

Thank you for your consideration.
