

Jason Gilles – Bargaining Committee

As our longest standing BCGEU Shop Steward, I have also been involved in our last two Bargaining sessions. I have been on the Joint Labor Management Committee (JLMC) for several years, and more recently I have been active on the Joint Transition Committee (JTC). As an employee, I have worked in all of the silos at Advanced Solutions (Hosting, Corporate and Revenue) over the last 10 years. I believe that all of this experience makes me uniquely qualified to represent us at Bargaining. Please vote for me to represent you again in our next round of Bargaining.
