Re: Bargaining Update

Your bargaining committee held several bargaining meetings with your employer. Your committee successfully addressed several of the union's proposals through joint negotiations. However, several of your key priority items are still outstanding. Therefore, we continue to pursue those important proposals at this time.

Another bargaining meeting with your employer is being scheduled.

We look forward to soon being in a position to meet with you in order to provide you all with a more detailed update.

Thank you for your continued support.

Important Reminder

Upon the completion of bargaining, a ratification vote will be held of all eligible members. Members need to be registered and have a personal email address on file in order to receive a ballot.
