Re: Seeking Members Interested in Health & Safety

Getting involved with Occupational Health & Safety is a great way for union members to contribute. As a safety committee member, you will help ensure your employer is following OH&S regulations. You can raise the profile of health and safety and improve your working environment. Would you like to serve on an Occupational Health & Safety Committee at your worksite?

Members of the Committee are entitled to all committee functions with no loss of pay and are entitled to 8 hours of annual educational leave without loss of pay or other benefits.

If you are interested in serving on your OH&S committee or would like more information, please fill out and forward the attached form to **Shelley Einarson** via email at seinarson@shaw.ca by **5:00 pm, on Tuesday, April 4, 2023.**

In solidarity,

Local 804 Chair
