

Hi Everyone!

My name is Christian Deschenes. Some of you may recognize me from the Service Desk, Social Committee, Ambassador Program (With ISM) or with Project Services.

I have worked on our Health-BC contract for over eight years. During that time, we have experienced various events, including leadership shuffling, BCGEU union position re-structuring as well as transitioning with NTT Data.

I am excited about the opportunity to run for a position as a Bargaining Committee Member for the employees of NTT DATA to assist with establishing and maintaining orderly collective bargaining procedures between NTT DATA and BCGEU. My energy and readiness to learn can undoubtedly be seen by my companions, as I easily adjust to change.

With my leadership skills, I intend to work with the other three members of the Negotiating Committee. My aptitudes as a negotiator, liaison, motivator, and my ability to mediate have been crucial to my success. My unwavering work ethic and professionalism have built a significant relationship with all service delivery teams.

As a BCGEU member in good standing, I thank you for taking the time to review my bio for my candidacy as a Bargaining Committee Member for our ensuing Collective Bargaining Agreement.

Sincerely,

Christian Deschenes
