CLIC Program Information
Computers for Low-Income Calgarians (CLIC)

What is CLIC?

CLIC provides low-income Calgarians with free, refurbished computers. Local businesses and individuals donate these computers, and then dedicated volunteers ensure they are in good working order for qualified program participants.

Who is eligible for a free computer?

- Have not received a computer previously from CLIC
- Are no longer in transitional housing

Note: Unfortunately, we cannot guarantee the battery life of donated laptops, nor can we provide support or warranty for CLIC computers.

I applied. What's next?

Please, be patient. You may be waiting for several months before you are called to receive your desktop, or more than a year for a laptop. This program is very popular and provides hundreds of computers a year to low-income Calgarians. Unfortunately, demand continues to be greater than supply.

I received a call. What do I do?

During the call, a volunteer will arrange a date and time for you to pick-up your new computer from our Donation Centre:

DONATION CENTRE:
3640 11a Street NE

What do I need to bring with me when I pick-up the computer?

- Proof of income
- A piece of valid government photo ID
- Transportation (car, taxi, etc.). It is not easy to take a desktop on public transit.
