Lunch sponsor:

MONTPAK
INTERNATIONAL

Date: Wednesday, March 8, 2023

Time: 10:00 a.m. to 2:45 p.m.

Location: The GrandWay Events Centre
Elora, Ontario

In the morning, industry leaders will share an overview of the projects and issues undertaken by Veal Farmers of Ontario in 2022, along with a brief look at our newest consumer marketing campaign. Following lunch and the opportunity to chat with sponsors at the trade show, our dynamic speaker line-up begins!

Am I ready to be weaned?

Let's take a closer look at determining if a calf is ready to be weaned. Notably one of the more stressful periods for a calf, weaning can quickly offset a calf's performance trajectory if done at the incorrect time or way. Whether managing a calf destined for meat or milk production, the basic concepts of readiness to wean remain the same. Factors such as time on milk, amount of milk fed, the impact calfhood scours may have, and housing type will be some of the considerations covered when determining when a calf is ready to be weaned. Additionally, looking to the immediate post-weaning period can reveal how successful your weaning program is.

**Amanda Kerr, Senior Nutritionist,
Grober Nutrition Inc.**

Ontario veal market situation and outlook

Steve will examine the Ontario veal market over the last year and the outlook for 2023.

**Steve Duff, Chief Economist, Ontario Ministry
of Agriculture, Food & Rural Affairs**
