## How to use this guide

---

The Purolator Rate Guide has been created to help you quickly and easily calculate your shipping rates for shipments worldwide. Use this Guide, along with your Purolator Zone Guide (available at [purolator.com/rates](https://purolator.com/rates)) to determine your shipping rate. Purolator's list rates are calculated based on your origin postal code (the postal code you are shipping from), the weight of your shipment, the shipment's packaging, how soon you want your shipment to arrive at its destination and the destination postal code, zip code or country.

### Follow these simple steps to calculate your shipping rate:

1. Use the Purolator Zone Guide to reference the specific Zone Table (e.g., Services within Canada) that corresponds to your shipment destination. Locate your specific destination and corresponding zone, which is represented by a zone code (e.g., D02). Remember this zone code.
2. Select your preferred delivery service option (e.g., Purolator Express® 9AM) based on how soon you want your shipment to arrive at its destination, and turn to the corresponding page. For further details on our delivery options, refer to Purolator Delivery Services.
3. Establish the total weight of your shipment by adding together each package's incremental weight and rounding up to the nearest whole number (e.g., 15.1 lb. rounds up to 16 lb.).
4. The list rate for your shipment will be where the zone code (e.g., D02) meets the weight of your shipment (e.g., 16 lb.).

5. Once you have determined your shipping rate, turn to the section entitled Purolator Specialized Services and choose from our additional service options to help complement your shipping needs.
6. You are now ready to send your shipment with Purolator. You can choose to ship online at [purolator.com](https://purolator.com); ship using Purolator E-Ship® Web Services, Purolator E-Ship® Server, Purolator E-Ship® Now, Purolator E-Ship® EDI or Purolator E-Ship® Certified Providers; visit a Purolator Shipping Centre, a Staples® or PostNet® location, a Purolator Authorized Shipping Agent or one of our drop boxes; or contact us via Live Chat at [purolator.com](https://purolator.com) or call **1 888 SHIP-123** to schedule a pickup.

Please note that the Purolator Terms and Conditions of Service, available at [purolator.com](https://purolator.com), will prevail in the case of any inconsistencies between this document and the Purolator Terms and Conditions of Service.

## Adult Signature Required

Adult Signature Required (ASR) is a value-add service offered by Purolator for shipments within Canada requiring proof of age from a recipient at the address a package is delivered to. Recipients must present valid government-issued photo ID with proof of age at the time of delivery. When the Adult Signature Required option is selected, the ASR charge will be applied to the shipment (in addition to any other fees that may apply to the shipment). This service is available through Purolator's E-Ship® Online and E-Ship® Web Services.

**\$6.75 per shipment**

## Chain of Signature

Our Chain of Signature (COS) service provides secure transportation of certain controlled drugs, firearms, government assets, and cannabis within Canada that require multiple signatures throughout the transportation route. Only pre-authorized customers vetted and approved by an authorized Purolator loss prevention specialist may send COS shipments. If you ship high volumes of COS shipments, we can provide automated solutions to streamline your shipping process. For added convenience, standard shipping stickers or standard thermal labels can be used for COS shipments. These shipping stickers/thermal labels are available online through our Purolator E-Ship Solutions, or by calling 1 800 459-5599.

## Customs Clearance Charges

Our shipment rates and additional charges do not include applicable customs clearance fees. Any clearance fees related to the shipment must be paid to Purolator, Purolator's designated customs broker or your own customs broker, as applicable.

Customs clearance charges (e.g., duties and taxes) may apply.

## Signature Required (Residential)

We offer a Signature Required option for shipments destined for delivery in a residential area. If you require a signed proof of delivery and your shipment is prepared using our Purolator E-Ship® Solutions, you must select that the shipment requires a signature. If you do not make this selection, the shipment will default to the O-SNR (Origin Signature Not Required) service. When the shipment is prepared using a manual bill of lading, the shipment will travel as a shipment requiring a signature and will be subject to the Residential Delivery charge, not the Signature Required (Residential) service. Note: If the receiver has selected the SNR (Signature Not Required) service, the SNR service will override a shipper's request for a signature.

**\$5.95 per shipment**

## Fuel Surcharge

Purolator reserves the right to apply fuel and other surcharges to all shipments regardless of destination or selected mode of carriage for such periods and in such amounts as Purolator may deem appropriate, in its sole discretion.

By tendering your shipments with Purolator you agree to pay all applicable surcharges, as determined by Purolator.

Purolator's fuel surcharge for Courier services is set monthly and fluctuates based on the four-week average price of diesel reported by the Ministry of Natural Resources Canada. Changes are effective the first Monday of each month and are posted at [purolator.com](http://purolator.com) approximately two weeks prior to the effective date.

The fuel surcharge for Courier shipments will be applied to the sum of the service rate, ExpressCheque®, Signature Required (Residential), Saturday Service and Beyond Point surcharges. Other additional charges, taxes and customs clearance charges are excluded from the calculation.

Visit [purolator.com](http://purolator.com) for additional information.

## Multipiece®

An additional charge will apply when a shipment consists of five or more pieces. This surcharge is calculated as follows:  
(No. of pieces in shipment – 4) × (3%) × (applicable service rate). For example, (5 – 4) × 3% × \$14.05 = \$0.42

**Additional charge applies to shipments consisting of five or more pieces.**

---

## Redelivery

An additional charge will apply to any shipment that must be redelivered because Purolator, through no fault of its own, was unable to complete delivery on the first attempt. This charge will be applied for each subsequent delivery attempt by Purolator. This additional charge applies to both Courier and Freight shipments.

**\$6.00 per shipment**

## Additional Service Charges – Shipping

---

### Redirect

An additional charge will be applied to any shipment requiring a change of delivery address while in transit, requested by either the Shipper or the Receiver (if permitted\*), with the requester having to pay the additional charge. This additional charge applies to both Courier and Freight shipments.

**\$6.00 per shipment**

---

### Residential Delivery

An additional charge will be applied when the destination point is deemed by Purolator to be in an area that is primarily residential or is of a low business (commercial) density. This charge does not apply to Purolator Express® Evening or Purolator Ground® Evening shipments.

**\$4.45 per shipment**

---

### Reweigh

Purolator reserves the right to reweigh shipments (at the shipment, piece or pallet level), notwithstanding that a weight has been declared on the bill of lading. Reweighing is done on government-approved scales and rounded up to the nearest whole number.

**Additional charges may apply for reweighed shipments.**

\* In some instances, Shippers do not allow redirection by the Receiver or Shippers must provide approval before the Receiver can request and obtain a redirection.
