To maintain Canadians' access to controlled substances for medical treatments (e.g., treatment of substance use disorders and chronic pain), while they adhere to social distancing guidance from public health officials or if they need to self-isolate, Health Canada has issued the attached exemptions for prescriptions of controlled substances under the *Controlled Drugs and Substances Act* (CDSA) and its Regulations. If permitted within the applicable provincial/territorial scopes of practice, the exemptions:

- permit pharmacists to extend prescriptions;
- permit pharmacists to transfer prescriptions to other pharmacists;
- permit prescribers to issue verbal orders (i.e., over the phone) to extend or refill a prescription; and
- permit pharmacy employees to deliver prescriptions of controlled substances to patient's homes or other locations where they may be (i.e self isolating).

We strongly encourage all partners to work to implement these exemptions in their jurisdictions and welcome any additional suggestions you may have to maintain Canadians' access to controlled substances for medical reasons during the pandemic.

Further, Health Canada is clarifying, with the attached guidance document, activities that are currently permitted under the CDSA and its Regulations.

We strongly urge Ministries and regulators to conduct a thorough assessment of any barriers to access to medicines that could contravene public health advice for social distancing and self-isolation, when appropriate. This could include, for example, temporarily lifting restrictions on take-home doses ("carries") of opioid agonist treatments, and allowing those with chronic conditions to obtain enough medication to last through a period of self-isolation.

We also recognize that local pandemic precautions may impact the operations of Supervised Consumption Sites (SCS), and are committed to work directly with SCS Operators to assess each individual situation and develop appropriate modifications to their protocols and practices. Operators are encouraged to contact the Office of Controlled Substances' Exemptions Section at [hc.exemption.sc@canada.ca](mailto:hc.exemption.sc@canada.ca).

If you have any questions, please contact Health Canada's Office of Controlled Substances, at: [hc.ocs-bsc.sc@canada.ca](mailto:hc.ocs-bsc.sc@canada.ca).
