

The Campus Safety Grant, formally called the Women's Campus Safety Grant, is provided through the Ministry of Training, Colleges, and Universities to address the reduction of sexual violence on campus, through the improvement of facilities, and the promotion of programs and services. The annual grant allocation is typically \$125,000, and the grant budget year is April 1 – March 31. An annual report is required by the Ministry each September.

The Campus Safety Grant Committee was established as a Presidential committee to accept, review, and approve funding submissions. The Committee encourages creative, innovative proposals from faculty, staff, and student organizations.

The Committee typically meets three (3) times a year, February, June, and November, for the consideration and allocation of funds. Eligible submissions that meet the parameters of the Campus Safety Grant, but are not successful in the February round, or miss the deadline, will be permitted to stand for the subsequent round.
